

# Business Savings Accounts Secure the Future of Your Business

When it comes to saving money for your business, we're here to help you meet your goals.

The more you put away, the more your money grows. Whether you are saving money for a new office space or specialized equipment, Horizon has multiple business savings accounts options, tailored to meet your specific needs. From the all-purpose business savings account to low-risk, high-dividend business certificates and Money Market accounts, we have many convenient ways to save for your business goals.

Money Market Accounts are the smart way to earn income because they pay higher dividends than typical savings accounts do. Plus, they're NCUA insured, so your money is protected while it grows. Build your savings faster with the higher interest rates and checks when you need quick access to funds.

Our Horizon Professionals are ready to help you choose the best option for your unique situation. Now is the time to start preparing for the future of your business!

**Ready to open a  
business savings account?**
